John,

Thank you very kindly for your response with this information. I will convey the message to Ms. Garko, and will attempt to find out anything about the new inmate account provider (as I only learned about it from her). When I get in touch with those who can educate me, I will pass that information along to you.

I am certain your response and your work on her behalf is very much appreciated.

Thanks again,

Greg M. VanArsdall, Psy.D.

Psychologist

Dayton Correctional Institution

Greg,

Your message to me is very timely as I have a matter to discuss with Terri in addition to responding to your message.

I received Teri's message and I have started the process of depositing \$200 per month into her inmate account.

I am not aware of the new inmate account provider and ask that you provide me with that information.

I attempted to attach account statements but the system would not permit it. Teri started the year with a balance of \$89,253 and it is now \$41,781. Most of the expenditures have been for litigation expenses of about \$37,000. Yesterday I received a another statement for about \$19,000 for additional attorney fees and expert witness fees. I have not paid it yet.

I am out of the loop (and should be) as it relates to her litigation, but I believe her lawyers should be aware the funds will be down to about \$20,000 upon payment of the latest bill.

Thanks,
