That he Doesn't carry legal malpractice insurance. all these ~~people~~ people used me until I have nothing, I'm left blind, broke and in pain. I'm suffering and I've been done so wrong. please help me. No one will talk to me. I need to tell my story. \*

I also wrote attorney Sean Buchanan up to the Ohio State Supreme Court ~~the~~ Disciplinary Counsel and even (see attachment) ~~the~~ the Ohio Supreme Court protected Buchanan. I cannot believe how corrupt our government ~~is~~ is, it's all about money and covering things up for your political friends.

This is a true story of dirty politics, government corruption, and human rights and my story needs to be heard. I

need a support system. I've lost everything, and I'm losing my eye. I need to talk to

an attorney or a journalist and the media. I need to use a platform to help others in my situation. ~~is~~

crooked attorneys who protected Buchanan also. I gave \$5,000 To Attorney Hank Meyer (Akron, Ohio) and asked him To sue Buchanan for legal malpractice and he took my money and Ran NO CONTRACT no nothing. JUST DISAPPEARED. Then I hired two more attorneys Robert McNamara and Matthew Fortado (also Akron Ohio) and IT Turns OUT They were Friends with the law firm Slater and Zurz that Buchanan worked for and they protected Buchanans Paralegal ~~Emador~~ Hunter and they DID NOT DO anything either. Fortado and McNamara STOLE 75,000 off me TOTAL and WIPED OUT my ENTIRE bank account and when The money was ~~gone~~ gone Then they ~~withdrew~~ withdrew. and also Matthew Fortado has been arrested for having Sex with his clients (see attachment) and also for possession of cocaine and conspiracy to distribute cocaine. (see attach) and he never Told me

after the cracked attorney Sean Buchanan  
Deliberately Fucked up my lawsuit, ~~and~~  
and it was dismissed, I continued  
to represent myself pro-se (on my  
own) and I DID IT while in prison.  
you see I used some of the  
money my dad left me to ~~take~~ take  
Paralegal courses from Blackstone  
Career Institute so I learned some  
important topics in Personal injury  
and Civil law. I applied this to  
my current situation. also,  
The O.R.W destroyed all  
the surveillance footage of  
that lieutenant Shelby Bennet  
spraying pepper spray directly  
in my eye that was going  
blind. she lied about the  
entire thing. because ODRC  
and ORW knew what she  
did was another lawsuit  
added on top of the malpractice  
suit for my eye.  
so can you image: The suit  
for Malpractice Medical  
Assault, battery, And the  
legal malpractice Done by  
attorney Buchanan?  
This entire case was worth  
millions. and it only gets  
worse, because then  
I got Robbed by three more

Teri Garko v. Ohio Department of Rehabilitation and  
Correction

~~While I was at~~ I also have a psychologist  
that works for the ODRC who  
is an amazing guy and unbelievably he  
was helping me investigate the  
conspiracy that my attorney did against me  
my doctor's name is Greg Vanarsdall, he  
works at The Dayton Correctional Institutional  
Institution. (see attachments)

I hired three more attorneys who also  
used me for my money and did  
nothing, literally. I called almost 30  
or 40 attorneys in Ohio and no  
one will help me. No one. I've  
been robbed for over \$87,000  
by dirty attorneys. And I  
was left blind and in pain.  
I've never had medical attention and  
now my eye has to be removed. I  
live in pain every day. I do not  
get any mental health treatment  
either. I'm all alone in this. I  
have no friends or ~~family~~ family  
helping me. all I had was a  
trust fund my father left me  
and the crooked lawyers took it  
all and purposely did  
nothing.

I had hired an attorney in February 2019, an attorney named Sean C. Buchanan, I paid him almost \$7,000 To Sue The Employees of the O.D.R.C and the O.R.W for medical negligence and abuse. But, it turns out The attorney and his law firm Slater + Zurz in Akron, Ohio. is a Government law firm. attorney Buchanan is a lobbyist for the State of Ohio. ~~his~~ his speciality areas of law are Government relations,

Administrative law and regulatory law. He worked for the State before going into private practice as a personal injury lawyer.

So, he actually contacted The ODAC and he told his government friends that for \$200,000 he could make everything "go away" and ~~none of my claims~~ he would get all my claims get dismissed.

my own attorney let me go blind and suffer and protected the ones that did this to me. he took a \$200,000 pay off from the Defendants.

and ORW continues to Deny me medical treatment and I continue to live in Pain

Save my vision so They ignored me and The ORW eye Doctor Doctor David Miller just hid The Facts. so my eye got worse, and the entire time ~~from~~ my ~~eye right~~ right eye was slowly expanding in my head. over a period of months my eye was filling with fluid and the eye pressure was so bad I was suffering in pain every Day and night and no medical attention was given. in fact The C/O's constantly harassed me and hurt me Deliberately. They would pepper spray me Directly in my bad eye at close range while I was in handcuffs. (see attachment) A Lieutenant named Shelby Bennett always Took IT upon herself To abuse me with such maliciousness IT was unbelievable.

~~she~~ she willingly and with purpose To harm me, used force ~~she~~ intended To cause me serious pain To my blinded eye. (See attachment ~~the~~)

This woman slammed me Direct Face Down while I was handcuffed in the back and then she bent Down and sprayed me Directly in The Right Side of my face Direct in my eye That was going blind from Central retinal vein occlusion.

my name is Teri Garko and i am currently  
an inmate at the Ohio Reformatory  
for women. This is my True ~~story~~  
and continuing story of Abuse  
and medical negligence at the  
hands of the State of Ohio  
and my own Corrupt Personal  
injury attorneys. let me Tell  
you how The Ohio Department  
of Rehabilitation and Correction  
and my attorney Sean Buchanan  
let me go Blind and  
lose over \$90,000 of my  
own money. I have included  
~~I came to prison~~ Documents To  
support all my facts.

Prisons let inmates go without  
medical attention all the time  
To Save money for the States.  
The State of Ohio did this to me  
also. in 2017 I was in an  
Residential Treatment Unit at ORW.  
~~I was depressed and suicidal.~~

R.T.U

I had glaucoma but I DIDNT Know IT.  
and my vision was getting blurry,  
I told The Staff at ORW
