The attorney who let it all happen to me,

Sean C. Buchanan in February of 2019 I told a nurse at D.C. I MR Ron. Arnett and Nurse Weaver that I was losing my vision at ORW and I needed help.

I wanted to file a lawsuit because no one was helping me nurse Weaver gave me the name of attorney Sean Buchanan little did I know that attorney Buchanan used to work for State Government agencies in Ohio before he went into private practice.  
~~Buchanan Secretary~~  
~~Secretary in law~~

Is a Regulatory Law  
Administrative Law  
and Government Relations  
attorney.

Government Relations means  
he is a lobbyist.

he ~~the~~ lobbys for the State  
Government of Ohio

To get laws passed  
for the ODA  
and protect the State's  
interest

like Save Them From  
lawsuits That The State  
is guilty of.

he influences The Senate  
To protect the State  
agencies and hospitals  
To cover up  
abuses That They are  
and guilty of.

and he takes  
pay offs To help  
cover it up.  
a go at ORW named

Mr Hill actually  
Told me Sean Buchan got  
paid \$200,000  
by The ODRC  
To cover up The medical  
negligence and abuse

and actually let  
me suffer in pain  
The Entire Time from  
2019 until The present.

let me go blind  
and protect The Staff  
at ORW and The  
Ohio State University  
medical Center (Wexner  
medical Center)

This lawsuit could have been  
worth a couple million  
at least.

and no one would help me. No attorney would even listen to me. and I was suffering the entire time going blind and being physically abused by staff.

Shelby Bennett Destroyed the video footage of her, insulting and deliberately hurting me.

anyway, I paid Buchanan \$5,000 out of my bank account for a retainer, (which he never returned) Sean Buchanan was the only attorney name I had, what a mistake.
